4.0 Location of CCTV Equipment

4.1

- Two cameras in the Special Needs Resource Base. One at either end of the room.
- One camera at the entrance to the front door of the school.
- One camera on the playground which leads onto the pedestrian side access gate.
- One camera aimed at the main school gate which leads onto the main school entrance.

4.2 Cameras that are adjustable by the operators will not be adjusted or manipulated so as to overlook spaces which are not intended to be covered by the scheme. Filming outside the school boundaries will not occur. In the areas as seen through the school fence, these have been masked by the CCTV installer and are deemed compliant.

4.3 In areas where CCTV is used the school will ensure that there are prominent signs placed at both the entrance of the CCTV zone and within the controlled area.

The signs will:

6.2 Once the retention period has expired, the images will be erased.

6.3 Images that are to be retained for evidential purposes will be retained in a secure place to which access is controlled.

6.4 Access to recorded images will be restricted to the Headteacher on behalf of the school as Data Controller.
